August 5, 2008

Dear Friends, Donors and Volunteers,

We thank you so much for your interest and support during the past year. What an impact your contribution has made!

In this mailing you have both the Annual Report for 2008 and a current newsletter showing what's happening right now. In the past year we have greatly improved our communications with a monthly e-newsletter. I hope that you are receiving it. You can easily subscribe to it by going to www.lifenets.org/enews. We have also enclosed a yellow form that you can send back with your email address. If you know anyone who might also be interested in receiving our e-newsletter, please let us know.

Whenever we see the fruits of our initiatives helping people raise their level of education for better jobs and better income, to farm more cash crops, or to have clean drinking water at hand, it gives us a great sense of satisfaction. One reason for our effectiveness is because of competent, honest, accountable leaders on the ground. People like Kambani Banda in Zambia, Elifazi Salawila in Malawi or Ivan Yurishko in Ukraine help us turn dreams into reality.

We are making headway on our biggest project to date: a school in Malawi, the third poorest country in the world. There is a great demand for quality children's education and we are currently working on architectural plans and purchasing property.

LifeNets was founded in 1999 and is celebrating ten years of helping people rise above poverty and despair. Thank you again for sharing and helping.

We appreciate your continued help in supporting the many programs that we are involved in. We keep our costs at minimum and continually strive for the most return on your tax-deductible gift. Thank you again for making us your charity of choice.

Gratefully,

Victor Kubik
President, LifeNets
