

July 25, 2010

Dear Friends, Donors and Volunteers,

We thank you so much for your interest and record-breaking support during the past year. We appreciate and rely on your continual trust!

In this mailing you have both the Annual Report for 2009 and a current newsletter showing a few things that are happening right now. We are always looking ahead and thinking about what programs we can improve, add or even discontinue because their usefulness has expired. Our Website features the latest stories about what's happening in LifeNets.

Our strength has been to help people in a way that helps them become a benefit to their families and communities. Our number one program perennially is educational scholarships. As we see young people enter fields such as medicine, accounting and computer technology, we feel a deep sense of satisfaction in fulfilling our Mission.

Our agricultural program in Zambia has achieved extraordinary results. Our ten-year history can be seen at [www.lifenets.org/zambia](http://www.lifenets.org/zambia). We are now exporting that success to Zimbabwe and Kenya to help subsistent farmers with cattle and farm credits that will produce similar outcomes in those countries. In April representatives from Kenya and Zimbabwe visited Kambani Banda in Zambia to learn about our programs and why they are successful.

We are thankful to our affiliates and chapters who have held our arms up with fundraising support and promotion of our Mission. The annual Ft. Worth, Texas Boot Scoot for scholarships is an enjoyable event that has involved more than a hundred people for the past three years to help with scholarships. Ladies in New York/New Jersey sponsored a brunch to raise money for the LifeNets Orphan Care Centre in Balaka, Malawi. In Seattle the Skyline Rotary Club in connection with our Puget Sound Chapter raised more than \$11,000 for our newest project — a school in rural Migori, Kenya. We are starting with a small existing school and will help to develop it into a government-certified school for 150 children and 14 teachers. Again, we are so thankful for the support to help us lift others up.

If you have not done so, please subscribe to our regular eNewsletter online at [www.lifenets.org/enews](http://www.lifenets.org/enews). If you know anyone who might also be interested in receiving our e-newsletter, please let us know.

We appreciate your continued help in supporting the many programs that we are involved in. We keep our costs at minimum and continually strive for the most return on your tax-deductible gift. Thank you again for making us your charity of choice.

Gratefully,

Victor Kubik  
President, LifeNets
