

Brief Report for February 2016.

In this month, we have helped many refugees from the East of Ukraine and large families from Mikolayiv city, who have a need for food. We have taken information about these families from the Center volunteers in Mikolayiv and from the Christian Churches. The economic situation in Ukraine is difficult and there are a lot of refugee families with many children who have a great need for food. Therefore, our assistance was timely for them. All those who received assistance were grateful to the Mission «LifeNets»!

Also, we visited the *retirement home* in the city of Mykolayiv where there are many refugee families, and we bought them food.

Some of the funds were spent for my travels in Mikolayiv and back in New Odessa.
